

## Farvemærkede Hedehøg - Circus pygargus

Fra Internettet på engelsk

### Hedehøg - Circus pygargus Montagu's Harrier - Circus pygargus

#### SPANIEN

One wingtag (red on left wing and yellow on right wing) with the same inscription.

Naturalistas Extremeños (NATUREX)

e-mail : naturex ADD telefonica.net

note 1 : two codes for different area are in use:

- in East Extremadura (southwest Spain) only one letter or a number plus a letter are used (ex. A, B, 1A, 5V)
- in West Extremadura (southwest Spain) only one number or a letter plus a number are used (ex. 1,4, C1, A3)

note 2 : This wingtag project started in 2006 before this year white colour ring with black alphanumeric code was used. More than one hundred Montagu's Harrier was wingtagged.

note 3 : Project is a part of the Montagu's Harrier Conservation program of the Junta de Extremadura. Birds are wingtagging by ringers of NATUREX.

#### SPANIEN

(light) Green wing tags (equals in both wings) with two black characters (one letter and one number) and one metal ring on one leg.

BRINZAL, Albergue Juvenil Richard Schirrmann, Casa de Campo, s/n, 28011 Madrid – Spain.

note 1 : [brinzal@brinzal.org](mailto:brinzal@brinzal.org)

tel. : +34 91 479 45 65

note 1 : the birds are youngsters released by hacking in the province of Guadalajara (Spain).

#### SPANIEN

Wingtags (on both wings) with symbols (bars, crosses, circles) on one wing and digits on the other wing.

Damian Moreno Rodriguez, C/ Segura 69, 22400 Monzon, Huesca, Spain.

e-mail: [damian.m@teleline.es](mailto:damian.m@teleline.es)

note 1: the project is carried out in Central-Spain since 1992 and in Northeast-Spain since 1996.

note 2: used colours are : white, yellow, orange/red, green royal-blue.

#### SPANIEN

1 white ring with code (3 alphanumeric code).

Estación Biológica de Doñana, Dpto. de Anillamiento, Apdo. Correos, no.4, 21760 Matalascañas (Almonte), Huelva, Spain.

fax. : +34-959-44.00.33.

e-mail: [anillamiento@ebd.csic.es](mailto:anillamiento@ebd.csic.es)

#### SPANIEN

Combination of rings.

Wingtags.

Manel Pomarol, Cap de la Secció de Protecció i Foment de Fauna i Flora, Departament de Medi Ambient, DG de Boscos i Biodiversitat, C. del Dr. Roux, 80, E-08017 Barcelona, Spain.

tel.: +93-567.42.00.

fax : +93-280.29.94.

e-mail: [ampomcl@gencat.net](mailto:ampomcl@gencat.net)

note 1: left leg (localization code, all places in Catalonia). Red = Lleida, White = Girona, Black = Tarragona, Yellow = Barcelona, Green = Hacking PNAE. ; right leg (year code). Black = 2000, Red = 2001, White = 2002, Green = 2003, Yellow = 2004, Blue = 2005.

note 2: wingtags are only used with chicks released by hacking in the natural Park Aiguamolls del Empordà, Girona ; right-white = 1993, right-blue = 1994, left-white = 1995, left-red = 1996, right-red =

1997, right-green = 1998, left-blue = 1999, left-yellow = 2000, right-yellow = 2001, left-orange = 2002, left-green = 2003.

### FRANKRIG

2 wingtags (on each wing) without code, each wingtag has a 2 colours.

Alain Leroux, Chemin du Chêne 3, F-86190 Quinçay, France.

e-mail : [albc@tele2.fr](mailto:albc@tele2.fr)

tel.: +33-05 49 50 07 87

note 1: a project runs the Center/West France (Charente-Maritime) since 1988.

note 2: new programs started in 1995 in East France (Champagne-Ardennes), and another ones in Maine et Loire (1995) et Gironde (1997).

Approximately ca. 1200 birds was wing-marked in the last 15 years.

### FRANKRIG

Coloured wing-tags (on each wing) with black or white symbols.

Vincent Bretagnolles, p/a CEBC-CNRS, FR-79360 Beauvoir sur Niort, France.

Benoît Van Hecke, 8 route de Clan, FR-86170 Neuville de Poitou, France.

Thierry Printemps, 93 r Varennes, FR-49590 Fontevraud l'Abbaye, France.

e-mail : [info@busards.com](mailto:info@busards.com) OR [circus86@free.fr](mailto:circus86@free.fr) OR [circusp@club-internet.fr](mailto:circusp@club-internet.fr)

website : <http://www.busards.com/>

note 1 : this program aims at measuring both qualitatively and quantitatively Montagu's harrier dispersal. Birds will be banded as chicks over the whole species distribution in France (as well as in some areas in Germany, Netherlands and Spain) using a patagial wing-tag on each wing, in 2007 and 2008 only.

note 2 : one black or white symbol (or no symbol) per wing-tag, different on each wing.

note 3 : background colours for wing-tags are blue, fuchsia, yellow, orange, lime-green, red and white.

note 4 : three informations are essential: symbol, colours of the symbol and background colour and this for each wing.

note 5 : see also [symbols](#) and database corresponding codes.

note 6 : during 2007 some 1500 birds were marked in France.

### FRANKRIG

Wingtags (on each wing) without code.

Vincent Bretagnolles, p/a CEBC-CNRS, 79360 Beauvoir sur Niort, France.

note 1: used colours are: fuchsia-orange, violet-orange, orange-orange, orange-yellow, violet-violet, fuchsia-two colours).

### TYSKLAND

Rings (on legs).

Biologische Station Soest der ABU, Manfred Holker, Teuchstrasse 19, 59505 Bad Sassendorf, Deutschland.

note 1: used colours are red, yellow, white, black, green and blue.

### TYSKLAND

Combination of max. 3 rings and 1 metal ring.

Klaus-Dieter Gierach, Strasse der Einheit 48, D-15926 Beesdau, Germany.

e-mail : [beringungszentrale@lung.mv-regierung.de](mailto:beringungszentrale@lung.mv-regierung.de)

note 1: the project is performed with a small breeding population in the federal state of Brandenburg, south of Berlin.

note 2: about 15 nestlings are expected to be marked annually.

note 3: the project started in 2003.

### TYSKLAND

Metal ring starting with the letters GN and 5 numbers (on left leg).

One yellow or light-blue wingtag with numbers (on right wing).

Blue wingtags with white code (number/number or letter/number) on right wing [used in 2008].

White wingtags with dark-red code (number/number or letter/number) (on right wing) [used in 2007].

Green wingtags with white numbers (1 or 2 digits) [used in 2006].

Red wingtags with white code (number/number or number/letter) [used in 2005].

Ralf M. Krüger, Birkenstrasse 16 a, D-97241 Bergtheim, Germany.

e-mail : [ralfm.krueger@t-online.de](mailto:ralfm.krueger@t-online.de)

tel.: +49-9384-8303 (home) ; +49-171-4274220 (mobile) OR Dipl.Biol. Claudia Pürckhauer, Bayerisches Artenhilfsprogramm Wiesenweihe, Landesbund für Vogelschutz in Bayern e.V. (LBV), Oberer Steinbachweg 49, 97082 Würzburg, Germany.

e-mail : [claudia.puerckhauer@web.de](mailto:claudia.puerckhauer@web.de)

tel. : +49-(0)931-299.55.24 ; mobi l: + 49-(0)179-92.84.388.

note 1: the project with the metal rings runs since 1999 (starting with 1 pair and now 69 pairs in Northwest Bavaria, Germany) and since the summer 2001 birds are wingtagged for the time being only with a yellow wingtag.

note 2: yellow tags have been used for birds in 2001 and 2002. For 2003 and 2004 light-blue tags with black numbers (right wing only) are used ; green tags were used in 2006.

note 3 : during 2005 red tags (on right wing) with white numbers or with white number and letter are used.

note 4 : by mid-July some 500 birds have been tagged and recoveries are from Germany, Austria, France, Spain, Italy, Switzerland, Algeria and Morocco.

#### **HOLLAND, (DANMARK og POLEN)**

Yellow ring with black inscription (2cm. high, letter-cipher or cipher-cipher) on one leg and metal ring on other leg.

Green ring with white code (see note 3).

Red ring with white code (see note 4).

Blue ring with white code (birds ringed in Denmark by Lars Maltha Rasmussen).

Orange ring with code (birds ringed in Poland by Dominik Krupizski).

Ben Koks, Stichting Werkgroep Grauwe Kiekendief, PO Box 46, NL- 9679 ZG Scheemda, Nederland.

e-mail : [ben.koks@grauwekiekendief.nl](mailto:ben.koks@grauwekiekendief.nl)

website : [www.grauwekiekendief.nl](http://www.grauwekiekendief.nl)

note 1: to read the ring, turn your head 90degree.

note 2: until today some 170 nestlings were ringed.

note 3: this project was started in Niedersachsen, Germany. Near Oldenburg en Diepholz and in the area Leybucht-Weser over 40 nestlings were ringed. The project started in 2002, after 2003 not used in the border area.

note 4: the project was started in Niedersachsen, Germany. Near Oldenburg en Diepholz and in the area Leybucht-Weser the ringing started during 2004.

note 5: have look for satellite tagged birds on [www.grauwekiekendief.nl](http://www.grauwekiekendief.nl) , by 12.09.05 the first female reached Algeria/Africa.

note 6 : this project has been 'exported' to Biala-Russia (black and white codes) and Poland (orange with black codes).

note 7 : some 5 PTT-devices will be fitted in 5 different countries.

Note 8 : a [very interesting](#) article.

#### **POLEN**

Wingtags with code.

Jaroslav Krogulec, zaklad Ochrony Przyrody, Instytut Ochrony Przyrody UMCS, ul. Akademicka 19, 20-033 Lublin, Poland.

#### **UNGARN**

Blue ring (on right leg) and a metal ring(on left leg) on tarsus. [East of Danube, Hungary].

Blue ring (on left leg) and a metal ring (on right leg) on tarsus. [West of Danube, Hungary].

Dr. Lászlo Tóth and Szabolcs Solt, St. Stephen University, Department of Wildlife Biology and Management, H-2103 Gödöllo, 1 Páter Károly Street, Hungary.  
e-mail: [ltoth@ns.vvt.gau.hu](mailto:ltoth@ns.vvt.gau.hu)

### ITALIEN

Combination of rings.

Instituto Nazionale per la Fauna Selvatica, INFS, via Ca' Fornacetta 9, 40064 Ozzano Emilia BO - Italy.

e-mail: [nicola.baccetti@infs.it](mailto:nicola.baccetti@infs.it)

fax: +39-51-79.66.28.

### Kazakhstan

Wingtags (on left or right wing) with code (2 digit number).

Prof. E. Gavrilov, chief of Marking Animal Center, Ecological Fund "KazSAEF" , Kazakhstan.

e-mail : [gavr@zool2.academ.alma-ata.su](mailto:gavr@zool2.academ.alma-ata.su)

note 1: used colours are red, white or yellow.

note 2: the tag has been attached between the secondaries and tertials or between the first-third secondaries.

note 3: birds were tagged at the autumn migration '98 in southern (Chokpak Pass, foothills of the Anarchay mountain) or eastern (Sugaty valley, Zaisan-hollow) of Kazakhstan.

note 4: 2 birds have been tagged.
